Cheyenne, Wyoming 82002-0050

PREFACE

The assessed valuation of taxable property in Wyoming decreased 1.32% or $78,547,724 in tax year 1988. There was an increase of $46,038,343 in real property and $5,995,063 in mineral production but a decrease of $129,844,389 in utilities and $736,741 in personal property.

Mineral production is assessed at 100% of the market value of production. Most real property is assessed at approximately 25% of 1967 market value. This is approximately 8% of its current market value. The result is that property taxes for Wyoming homeowners are among the lowest in the United States.

Assessed valuation per student in unified (grades K-12 or 1-12) public school districts varies in 1988 from $12,196 to $360,762. The state average is $60,442 or an increase of .27% over last year's figure of $60,282.

Local school districts are limited to 28 mills for operation with voter approval required for the last two mills. There is no limit on millage for debt service; however, a district's bonded indebtedness shall not exceed 10% of the assessed valuation.

If you would like additional information, please contact Data Collection, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002-0050, or call (307)777-7823.

PREFACE

This publication provides data about staff, number of public schools, average salaries of certified staff by classification, and enrollment. The information was compiled from local school district reports submitted to the State Department of Education. Staff information is prepared from the professional staff list and the fall report of staff.

The tables on staffing give whole numbers (head-count) of total certified and non-certified staff; certified staff members are also reported as full-time equivalents. The headcount for certified staff includes fulltime/one assignment, fulltime/multi-assignment, and parttime. These added together will equal the total certified count. In some districts, for non-certified staff, custodians, bus drivers, cooks and aides are multi-purpose but they are counted only once.

The tables on teachers/pupils/schools report full-time equivalent classroom teachers; special education teachers and instructional support personnel are excluded. The numbers of schools are counted in the same way as they are listed on the enrollment tables. An elementary school may be K-5, K-6, 4-5, 1-8, etc., a senior high may be 9-12, 10-12 or 7-12. Junior high or middle school may span any grades from 5 through 9. Special schools are those operated exclusively for handicapped students.

The tables on fall enrollment give a count of pupils enrolled as of September 15, 1988. Special education students have been included in the regular enrollment count by grade whenever possible.

The tables of handicapped data reflect the non-duplicated/non-dual enrollment pupils by district. These pupils have been included in the regular fall enrollment count by grades.

If you would like any additional data, please contact Data Collection, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002-0050, or call (307)777-7623.

WYOMING STATE DEPARTMENT OF EDUCATION
PLANNING AND EVALUATION UNIT

September 1983

PREFACE

This publication provides financial data on the operations of the 49 public school districts in Wyoming during the 1987-88 school year (July 1, 1987 to June 30, 1988). Most of the information was obtained from the annual reports submitted to the Department of Education by each district.

The state summary statistics given on pages 1 through 14 include only General Fund revenues and expenditures. The individual district reports beginning on page 15 also include amounts reported for categorical federal grants and for food service funds. Trust funds, debt service, capital construction and student activity funds are not reported in this publication.

On the individual district reports, some discrepancies appear between ADM figures, enrollment, and students transported. The numbers shown are as reported by the districts.

If you would like additional information, please contact Data Collection, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002-0050, or call (307)777-7623.

February, 1989

Lynn Simons, State Superintendent of Public Instruction
